# FLUX

The perfect position - in every situation.

**FLUX** optimally adapts to your body height: Adjustable grip bar variations.

Height-adjustable grip bars make it easy to adjust to different body heights. The grip bar with universal grips (optional) allows an adjustment of the grip width.

*Height adjustment.*

*Vertical adjustment.*

*Horizontal adjustment.*

*Adjustable grip width.*

**Stepless height adjustment. Safety aspect: Free-wheeling system.**

*Free-wheeling system  
size 1 & 2.*

*Free-wheeling system  
size 1 - 3.*

*Free-wheeling system  
size 4.*

**Safety aspect: Free-wheeling system.**

Innovative and reliable reverse-roll locks ensure your safety and prevent unintended backward-rolling of your **FLUX**.

# FLUX

A selection of options.

! PU chrome wheels only available to a limited extend.

*Anti tips without wheels.*

*Anti tips with wheels.*

*Dynamic hip control.*

*Swivel lock.*

*Seat folded down.*

*Seat folded up.*

**Safety aspect: Anti tips. Dynamic hip control and resting seat.**

The sturdy anti tips keep you safe and prevent your **FLUX** from tipping over.

Anti tips with or without wheels are available for all sizes.

The hip control is multidirectionally adjustable and the hip belt offers additional support while walking.

The seat can be easily folded up or down according to your needs.
